Dreambook

2016

**CHRISTMAS. IT'S SO MUCH
BIGGER THAN AN EVE,
OR A DAY.**

It's about the anticipation that builds weeks in advance, the décor that transforms our homes, and the culmination of the sights, sounds and people we love.

But more than that, it's about all the moments that led us to right here—the experiences that inspire every ornament our Keepsake Artists craft and create, and the memories that are shared as each creation is hung on the tree.

From commemorating long-awaited firsts to celebrating a milestone to simply decorating in a favorite theme, nothing gets to the heart of the moments that truly matter like Keepsake Ornaments.

WHO IS FROSTY? Besides being the star of the longest-running series in Keepsake Ornament history, Frosty is a caring and loyal friend from the North Pole who believes we should always take care of the ones we love. His favorite treat is hot cocoa with marshmallows, and there's nothing he'd rather be doing than playing games with all his polar friends.

"My inspiration to create an airplane ornament series stemmed from a love of building and flying airplane models from an early age. Aside from my enthusiasm for the act of flying, my deepest passion is for the sculptural forms of aircraft. The ones that I appreciate the most appear to be fast and graceful even when they are stationary on the ground."
