CELEBRATING THE
45TH ANNIVERSARY
OF HALLMARK KEEPSAKE ORNAMENTS
LOVED ONES GATHER, the calm settles in and, once again, our hearts believe—in Santa Claus, in angels and in all the magic of the season.

That magic becomes real when we open our ornament boxes year after year and share the stories behind each ornament we hang on our trees.

It’s the same magic our Keepsake artists recall as they craft ornaments they hope will help you and your family commemorate precious memories and honor favorite traditions. Because families are at the heart of what we do. Your stories are our stories. And even as we pass down traditions, we make room for new ones in celebration of the year’s most memorable moments.

As you take time to explore this year’s Dream Book, we hope it brings you visions of the holiday season to come. And that it inspires you to dream of what magic may follow when you choose to believe all over again.

A magical little Christmas
THIS YEAR marks the 45th anniversary of Keepsake Ornaments, and we’re celebrating the milestone with a very special ornament.

In 1973, Hallmark launched a line of six glass ball ornaments and 12 yarn figures as the first collection of Hallmark Keepsake Ornaments. Since that time, we’ve introduced more than 8,500 Keepsake Ornaments and more than 100 ornament series. Our longest-running series, Frosty Friends, is now in its 39th year!

Inspired by our history of artistry and innovation, Keepsake Artist Debra Nielsen has crafted a new version of the 1985 Rocking Horse Keepsake Ornament to honor our 45th year.

Originally designed and sculpted by retired Keepsake Artist Linda Sickman, the Rocking Horse was part of a beloved series that ran from 1981–1996. Linda’s inspiration to create the series came from a childhood wish to have her own pony, and it became a classic favorite among both horse and toy enthusiasts.

Like Linda, Debra was inspired by her own memories. Growing up in Iowa, she showed her horse, Honey, with the local 4-H club. Years later, when her daughter, Mallory, was born, she gave her an oak rocking horse. Then when her grandson, Henry, arrived, Debra revamped the same horse’s mane and tail, and it became his.

The new ornament is porcelain, with rich colors and sapphire-toned crystals, symbolizing the 45th anniversary. The ornament has also been replicated as a collectible cloisonné-style pin. Together, they honor our past while celebrating a year to remember.
Sing along with Disney Storytellers

2018 MARKS our 41st year of partnering with Disney to create Keepsake Ornaments featuring iconic characters like Mickey, Donald, Goofy and more. This year’s offering is highlighted by our Disney Storytellers ornaments (above), which feature light, sound and motion.

When you connect one of these ornaments to a Keepsake Power Cord, you’ll see it light up and perform a holiday carol with the push of a button. But when you add one or both of the other ornaments, you’ll unlock some amazing interactive performances!

For Disney lovers, our limited-edition Disney Christmas Carolers Collector’s Set (right) is a must-have. In addition to repainted versions of the three ornaments and a beautiful storage box, you’ll receive an exclusive commemorative art print!

ON TAP: STEIN DESIGN

TOM BEST designed this year’s beer stein ornament (left), the seventh in his unofficial series, as a father-son moment. As the two carry their tree home, their loyal dog runs happily beside them.

Tom’s second full-scale, food-safe stein (above) shows Santa and his sleigh on Christmas Eve. On the hinge is a reindeer taking flight!

His full-scale steins are sculpted by skilled artisans in Germany, but the magic always begins with Tom’s designs in his Kansas City studio.
